

SPRITE

Whether you're discovering the joys of caravanning for the first time or planning your next adventure, Sprite is designed to help you make the most of every journey. Combining lightweight towing, practical layouts, year-round comfort and outstanding value, Sprite has everything you need to enjoy the freedom of caravanning.

For 2027, a new 8ft-wide model offers a more spacious choice for larger families.

- 5 Layouts
- 4 Single axles
- 1 Twin axle
- 1 8ft wide
- 4-6 Berths

Challenger

Designed to bring together modern style, practical design and exceptional comfort, the Challenger range delivers outstanding value without compromise.

The latest Truma CombiNeo boiler adds to that comfort, providing continuous hot water for long showers or keeping up with the demands of busy family holidays.

With everything you need for relaxed, enjoyable touring, Challenger makes every getaway effortless.

- 10 Layouts
- 7 Single axles
- 3 Twin axles
- 4 8ft wide
- 2-6 Berths

Conqueror

Conqueror's carefully considered design brings together comfort, practicality and premium features.

For 2027, a new pop-up TV unit in L-shaped lounge models allows for uninterrupted views and natural light, while the new 565 twin fixed single bed layout provides even greater flexibility.

- 7 Layouts
- 5 Single axles
- 2 Twin axles
- 4 8ft wide
- 2-4 Berths

Elegance

As the flagship of the Swift caravan range, Elegance Grande brings together exceptional comfort, timeless style and meticulous attention to detail.

Spacious 8ft-wide layouts, beautifully appointed interiors and an extensive specification create a touring experience defined by quality throughout. Every element has been designed to enhance every moment away.

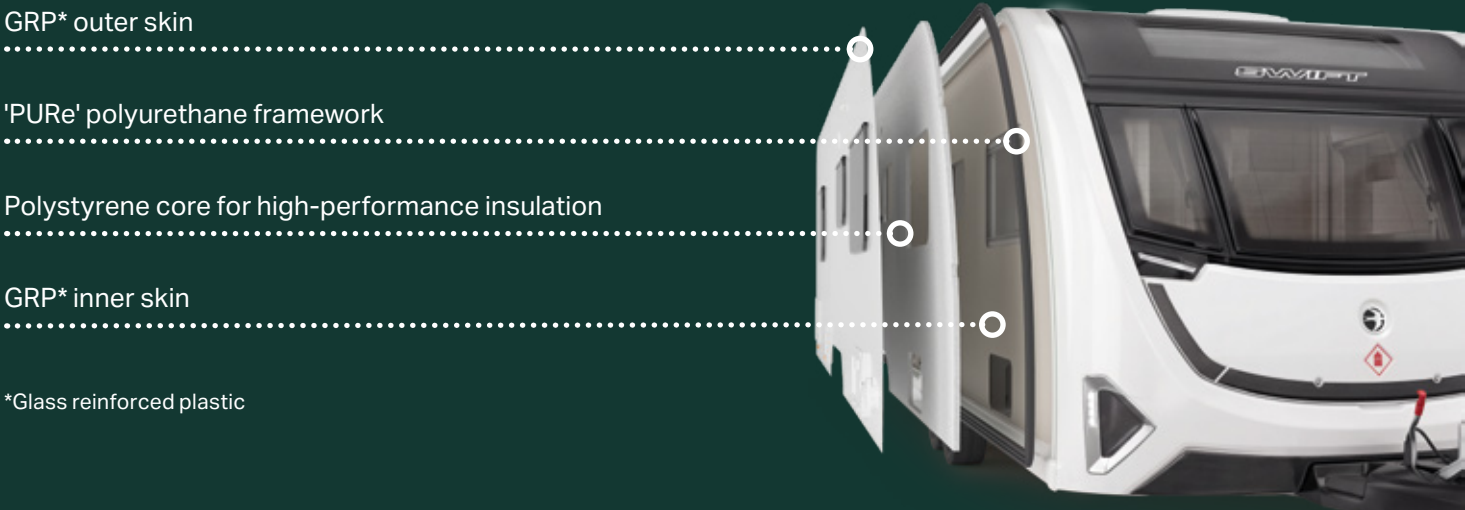

- 4 Layouts
- 4 Twin axles
- 4 8ft wide
- 4 Berths

Built to last with SMART Construction

SMART Construction combines advanced composite materials with proven engineering to create a highly insulated, exceptionally durable bodyshell, built for year-round touring.

- Strong**
Timberless 'PURE' construction that's impervious to water for lasting strength and durability.
- Modern**
Built using advanced materials and precision engineering.
- Aerodynamic**
Computational Fluid Dynamics helps optimise the bodyshell for better fuel consumption and stable towing.
- Resilient**
Side GRP* outer and inner skins provide greater impact resistance than aluminium.
- Tested**
Tested on proving tracks to replicate real-world road conditions and in cold chambers down to -15°C to ensure year-round comfort.

Designed, engineered and made in Britain.

For more than 60 years, we've combined innovation, craftsmanship and quality to create leisure vehicles built by people with a passion for touring and travel, and a commitment to continual improvement.
