Notes:

MASSES: The masses are calculated in accordance to EU regulation 1230/2012 and NCC code of practice 304.

The Mass in Running Order (MRO) comprises:

1. The mass of the empty caravan as supplied by Swift including loose items such as the hook-up cable, kit bag, entrance step, manuals etc.

2. 10kg allowance for LPG

The MRO is calculated with the fresh water tank, toilet flush tank and water heater empty. If you travel with water in the fresh water tank, toilet flush tank and the water heater the payload will reduce accordingly.

The personal effects is based on the number of berths and the length of the caravan and includes an allowance of 20kg for a leisure battery.

The Maximum Technical Laden Mass (MTPLM) is the maximum mass allowed when the caravan is fully laden.

WARNING: Under no circumstances should the MTPLM be exceeded.

BED SIZES: Please note that the front double bed sizes quoted are for seating configurations without chest of drawers. The front double bed width for a layout with a chest of drawers fitted will be reduced by 0.4m (1'4") from that stated.

AWNING SIZES: Due to the varying awning designs and sizes the awning sizes given are approximate only. Specific awning sizes must be confirmed by your dealer or the awning manufacturer prior to purchase.

The dimensions given are approximate due to slight variations in suspension ride heights, loading conditions and tyre pressures.

* Estimated weight or bed size.

Customers should verify the actual dimensions of their touring caravan before committing to anything that could be impacted by these dimensions.

Please note: Any dealer fit options will reduce the overall payload available to the user of the caravan. If you require additional payload it is possible to upgrade the MTPLM to the upper limit. Please contact your caravan dealer for more information.

LED ROAD LIGHTS: Certain vehicles may require a secondary fuse box when towing models fitted with LED road lighting.

OUR VALUE ADDED PARTNERS

Constantly innovating for the best nights' sleep possible, Duvalay™'s bespoke mattresses and bedding are trusted by our customers. We fit Duvalay™'s Duvalite™ mattress as standard on all fixed beds across our caravans and motorhomes, while our holiday homes and lodges feature the exclusive Duvalay™ Holiday Home Collection mattress.

Proudly made in Sweden since 1949, Alde delivers the quietest, most comfortable heating systems for the world's explorers. We have worked with Alde since 1994 to help make our leisure vehicles feel more like home, testing our caravans and motorhomes down to minus 15°C to ensure you stay cosy no matter where the road takes you.

Swift partners with Oyster satellite TV and broadband to keep you entertained on the go. The permanently mounted dishes fold away when travelling, then locate the satellite signal automatically for efficient operation. Made in Germany with a dedicated UK service centre, the satellites come with a 3-year warranty.

Swift Group is proud to support local charity the Daisy Appeal.

The Daisy Appeal gives loved ones faster, more accurate, diagnosis of three of the region's biggest killers – cancer, heart disease, and dementia.

The charity's aim is to provide a world-class PET-CT scanning facility which will provide a comprehensive clinical service, alongside an ambitious clinical research programme exploring new applications of imaging techniques.

Currently in the UK, most PET-CT scanning is carried out on cancer patients. However, it has great potential in various heart, neurological and other diseases. Many of these will necessitate the use of short half-life radioactive 'markers' which will need to be manufactured on site. Hence the requirement of a purpose built cyclotron, radiochemistry and radiopharmacy facility.

For every caravan, motorhome and holiday home sold, Swift Group make a donation to the Daisy Appeal, helping them to reach their goal of becoming the UK's number one PET-CT service.
